

Press Release

Schenectady County Department of Consumer Affairs / Bureau of Weights & Measures Selects WinWam Software

Teri L. Rizman, November 1, 2007

November 1, 2007 — Mount Laurel, NJ, USA

Schenectady County New York will equip their Weights & Measures inspectors with laptop computers to streamline their inspections. The County will be using WinWam Software to record inspections of all kinds of commercial weighing and measuring devices. Inspections include but are not limited to scales in grocery stores, gas pumps and meters used to sell chemicals. The software will also be used to check packages containing edible and inedible products to ensure that the consumers in Schenectady County receive the quantity stated on the label.
